SECTION 1 — CATEGORY C: TOWS AT THE REQUEST OF A PROPERTY OWNER

ITEM 140 — APPLICATION OF CATEGORY C

The rates in this category apply to towing or removing a vehicle at the request of a person other than a law enforcement agency, the owner of the vehicle, his or her agent or the driver, including a tow from private property at the request of the owner of the real property or an authorized agent, and a tow requested by a county or city under NRS 244.3605 or 268.4122.

NAC 706.406(3); NRS 706.4477(1) and (3).

ITEM 141 — CATEGORY C FLAT RATES

Each tow is charged one flat rate. The flat rate includes the first 24 hours of storage and does not vary with the time required, the distance or the equipment used, except as provided in Items 142 and 190.

Time of the tow	Flat rate
8:00 a.m. to 5:00 p.m., Monday through Friday, excluding legal holidays	$300.00
All other times, weekends and legal holidays	$340.00

The flat rates in this item apply to a single or combination vehicle estimated to weigh less than 10,000 pounds or requiring a tow car with an unladen weight of 15,000 pounds or less. The operator does not perform Category C tows of a vehicle estimated to weigh 10,000 pounds or more or requiring a tow car with an unladen weight of more than 15,000 pounds.

NAC 706.408(2) and (3); NAC 706.410(1)(c).

ITEM 142 — MILEAGE AND RECOVERY

For a tow of more than 10 miles, a charge of $10.00 is assessed for each loaded mile beyond 10 miles through 50 miles, and $8.50 for each loaded mile beyond 50 miles. Distance is determined by the shortest practical route, and a fraction of a mile is rounded to the nearest mile. Another route is used only at the request of the owner of the vehicle, his or her agent or the driver.

No charge is assessed for recovering the vehicle before it is connected to the tow car. Damage caused to the operator's property by the vehicle is charged only in the amount substantiated in writing and attached to the bill.

NAC 706.408(2)(a) and (b), (5); NAC 706.420(1).

ITEM 143 — RELEASE BEFORE THE VEHICLE IS TOWED (DROP FEE)

If the owner of the vehicle or his or her agent arrives at the scene before the vehicle is towed, the vehicle is released on payment of $180.00 for a tow from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding legal holidays, or $195.00 for a tow at all other times, weekends and legal holidays, in place of the flat rate. No storage or other charge is assessed.

If the vehicle was to be towed from a residential complex because it is not registered, and the owner or agent provides proof that it is registered in this State or any other state, the vehicle is released immediately and no charge is assessed.

NAC 706.408(4); NRS 706.4469.

ITEM 144 — CHARGES NOT ASSESSED

No charge is assessed for a Category C tow, and any charge paid is returned, if the person who requested the tow was not the owner of the real property or an authorized agent; the property was required to be posted and was not; a pay-parking facility did not comply with NRS 487.037; the law enforcement agency was not notified as required by Item 315; or a law enforcement officer directed the operator to terminate the tow. No charge is assessed for a tow from a residential complex made solely because the vehicle's registration is expired.

Any such increase takes effect only when revised pages showing the index, the percentage and each adjusted rate have been filed with the Authority as provided in Item 395.

NAC 706.408(10); NRS 706.321(3).

ITEM 196 — DISCOUNTS AND REDUCED RATES

The operator may discount any rate with respect to a single towed vehicle if, in its opinion, good cause exists. No cash discount is offered.

The operator will consider charging a rate lower than the rates in this tariff for removal and storage where the owner of the vehicle, for reasons outside his or her control as determined by the Authority's regulations, cannot pay the normal rate, and may do so without the approval of the Authority.

SECTION 2 — RULES AND REGULATIONS (TOWING)

ITEM 300 — APPLICATION OF TARIFF

This tariff states the rates, charges and regulations of the operator for towing services performed without the prior consent of the owner, as approved by the Authority. All charges are just and reasonable, and only the rates and charges approved in this tariff or otherwise authorized by law are placed on a bill.

NRS 706.311(2); NRS 706.321(2); NRS 706.4485(1)(f); NAC 706.408(1).

ITEM 310 — TOWS FROM PRIVATE PROPERTY

The operator does not begin a tow from real property without the consent of the owner of the vehicle, an authorized agent or a law enforcement officer unless it has first obtained a specific request for towing — in writing or an authorized electronic format, signed within 72 hours before the removal, by the owner of the real property or an authorized agent — or a written authorization agreement limited to vehicles parked within 15 feet of a fire hydrant, in a fire lane, blocking an entrance or exit, or in a disabled-parking space in violation of NRS 484B.467. The operator is not an authorized agent of the property owner except under such an agreement or a residential-complex contract.

The property must be posted as required by NRS 487.038, local ordinance and NAC 706.427. For a tow from a residential complex, the operator verifies the specific request and, where required, that a sticker giving the date and time of the tow was affixed at least 48 hours before the tow. Under a written authorization, the operator photographs the violation before the tow and shows or provides the photograph to the owner on request.

NRS 706.4477(1) and (2); NAC 706.427; NAC 706.4273; NAC 706.4275; NAC 706.4277.

ITEM 315 — NOTICE TO LAW ENFORCEMENT

For each Category C tow, the operator notifies the law enforcement agency having jurisdiction over the site of the make, model and license number of the vehicle within 90 minutes after the tow begins or 30 minutes after the vehicle arrives at the storage facility, whichever is first, and records the time of notice in its dispatch log.

NRS 706.4477(1)(c); NAC 706.430(9); NAC 706.432(1).

ITEM 320 — RELEASE AT THE POINT OF ORIGIN; TERMINATION OF TOW

The owner or agent may obtain release of a vehicle connected to a tow car at the point of origin on request, on payment of the charge in Item 143. The operator terminates a tow when directed to by a law enforcement officer. The operator does not knowingly tow a vehicle that another operator has already been requested to tow.

NRS 706.4469; NRS 706.4475; NRS 706.4477(1)(d).

ITEM 325 — VEHICLES ON "HOLD"

Where a law enforcement agency places a "Hold" on a vehicle, the operator, within 24 hours after notice that the hold is changed to "Released," sends the owner the certified letter described in Item 330 and releases the vehicle as instructed by the agency.

NAC 706.432(2).

ITEM 330 — NOTICE TO THE OWNER

For a vehicle towed at the request of someone other than its owner, the operator notifies the registered and legal owner by certified mail not later than 15 days — or 21 days for a law enforcement crash tow — after placing it in storage, of the storage location and type, the charges, the date and time it was stored, how to recover it at the lowest cost, and the right to rebut the presumptions in NRS 487.220 and 706.4477. If the owner is unknown, the operator uses every reasonable means to identify the owner within the same period and gives notice within 15 days after identification.

SECTION 2 — RULES AND REGULATIONS (STORAGE, PROPERTY AND BILLING)

ITEM 335 — STORAGE, ACCESS AND INSPECTION

The operator protects each towed vehicle, its cargo and personal property from theft and damage; provides access during normal business hours and a procedure for access and release at other times; does not deny reasonable access unless a law enforcement agency requires it; confirms the identity of each visitor by driver's license, identification card or other valid identification and logs each visit and the recovery of the vehicle; and lets the owner inspect and inventory the vehicle before release. If damage or theft is found, the operator resolves the complaint or identifies its insurer and explains how to file a claim.

NRS 706.4467; NAC 706.410(2).

ITEM 340 — PERSONAL PROPERTY AND CARGO

Accessories and equipment of the vehicle are part of the vehicle. Personal property and cargo are not held as security for any charge and are released to the owner on request without charge. Cargo and personal property left unclaimed 96 hours before final disposition of the vehicle may be sold or otherwise disposed of.

NRS 706.4467(1) and (5); NAC 706.440.

ITEM 345 — BILLS

Each nonconsensual tow is billed on a preprinted, numbered form or an electronically generated bill with a unique number. The bill itemizes every rate and charge, with written substantiation attached, and shows the information required by NAC 706.420(1), including the times, odometer readings, locations and storage dates required there. A copy is given to the person paying, and a copy is kept for 3 years and made available to the Authority on request. If a bill is incorrect or incomplete, only the substantiated charges are collected.

NAC 706.420; NAC 706.422.

ITEM 350 — PAYMENT

The operator accepts cash, money orders, credit cards, debit cards and electronic transfers of money, and may accept a check or any other reasonable arrangement. No fee is assessed for payment by any of these methods. Except for a tow at the direction of a law enforcement agency, where the operator believes the value of the vehicle is less than the charge for the tow, payment may be required or guaranteed before the tow. A vehicle is released after arrangements for payment of all charges have been made.

NRS 706.44793; NRS 706.44797; NAC 706.412(3); NAC 706.424.

ITEM 355 — COMPLAINTS

Sahara Avenue, Suite 200, Las Vegas, Nevada 89102, telephone (702) 486-3303, nta.nv.gov, printed prominently on the bill in 12-point or larger type or on the Authority's informational card.

NRS 706.4473; NAC 706.426.

ITEM 358 — RELEASE TO AN INSURER
